Good morning:

As you will recall, this matter is on the Agenda on Wednesday for possible Public Service Commission approval for a Class E (Household Goods) Certificate. However, even after Modern Day Movers filed their revised tariffs, there are two outstanding issues that must be cleared up prior to Commission consideration. First, there are two different costs listed for optional additional insurance in the Bill of Lading and Final Tariff. Second, the Tariff does not have a charge for Storage In-Transit. It would be helpful if these items could be cleared up prior to Wednesday's meeting. Otherwise, the matter will be carried over on the Agenda until such time as the discrepancies are cleared up.

Thank you for your consideration in this matter.
